

Guest Captures

WEDDING PROFESSIONAL PARTNER PILOT

A complete guest-photo gallery for your wedding clients.

Choose one upcoming wedding. We prepare the private gallery, QR materials, and mobile guest-flow test with you.

Add the experience, not the workload.

Guest Captures handles the setup details while you stay focused on your client.

01

Private setup

We prepare the organizer-owned event draft and gallery structure.

02

QR sharing kit

We provide a welcome sign, table-card option, and direct guest link.

03

Mobile flow test

We test the guest upload path before the link reaches attendees.

What the client gets

No guest app

Guests upload from the phone browser they already have.

Organizer control

The client chooses when and how the event is published.

One shared place

Guest candids stay together instead of scattered in messages.

CLEAR PILOT TERMS

Complimentary setup assistance for one client wedding. The event begins on the standard free tier with 100 photos. Video and higher limits use the published event plans. No commission agreement or partner portal is required.
